Executive Summary
Eligible Training Provider Reporting - Part I

9/17/18
Moderator(s): Andrew Ridgeway
Speaker(s): Kellen Grode, Christina Eckenroth, *Matt Gee*

This webinar provides and overview of the Workforce Innovation and Opportunity Act (WIOA) Eligible Training Provider (ETP) performance reporting provisions.

Key Takeaways:

1. States are required to submit their completed ETA-9171, which includes performance data on ETP that is collected by the state and the providers.

2. There are multiple tools available to assist states in meeting the requirements for reporting ETP performance.

3. In addition to reporting ETP performance to DOL, states must also use performance information in the initial and continued eligibility determinations for training providers.

Andrew Ridgeway, Kellen Grode, and Christina Eckenroth are DOLETA's subject matter experts on the performance reporting requirements for ETPs, and share the details of those requirements in this webinar.

Matt Gee is a Senior Research Scientist at the University of Chicago who has led the development of a variety of ETP reporting tools for the Training Provider Outcomes Toolkit (TPOT) (found at http://dataatwork.org/tools/) which are described in this webinar.
