

Executive Summary

Evaluation Strategies for States with Smaller RESEA Programs

11/17/2020

Moderator(s): Gloria Salas Kos

Speaker(s): Tresa Kappil & Alec Wall

As a part of Reemployment Services and Eligibility Assessment (RESEA) Evaluation Technical Assistance (EvalTA) effort, this webinar reviewed strategies that states with smaller RESEA programs may use in order to increase the feasibility of conducting impact studies. The presenters also discussed options that states might pursue to lay the groundwork for a future impact study.

The goals and objectives of the webinar were to:

- Describe strategies states with smaller RESEA programs can use to conduct an impact study capable of detecting impacts on employment and UI weeks.
- Provide details on evaluation activities that RESEA program managers can conduct to prepare for a large scale impact study.
- Discuss the necessary conditions and factors to consider for each strategy.

Run of Show

Today's Objectives	3:40
Challenges for "Smaller" RESEA Programs	4:22
Why are Sample Sizes Important?	5:55
Preparing for a Future Impact Study	7:45
What Can States With Smaller RESEA Programs Do to Conduct an Impact Study?	8:45
Options for Smaller States Pursuing an Impact Study	9:00
1. Lengthen Study Enrollment Period	9:36
Benefits of Lengthening Study Enrollment Period	11:32
2. Conduct a Pooled Evaluation	12:31
3. Use Retrospective Data in a QED	14:24
Example of Retrospective QED Using Regression Discontinuity	16:49
What Can State Agencies Do Now to Prepare for an Impact Study Later?	19:05
Preparing for a Large Scale Impact Evaluation	19:16
Enhance RESEA Program with Non-impact Study	20:20
Benefits of Non-impact Studies	21:49
Impact Study on Intermediate Outcomes	23:50
Rapid Cycle Evaluations (RCE)	25:30
Rapid Cycle Evaluation Considerations	26:34
Example of an Impact Study on Intermediate Outcomes	28:12
Similarities and Differences Between Impact Study on Intermediate Outcomes and Rapid Cycle Evaluation	29:49
Evaluability Assessment	31:00
Preparing Data for Impact Studies	32:17
Wrap-Up and Closing Remarks, Questions	33:04
